

## E Primary or Beginning Reader Control Book Golden Thread Cover and Photos

Until there's better arrangement, print the cover picture included in this document. Then send that same picture through the printer to print the words. With a gold metallic pen make the gold thread more prominent. Cut that card stock to fit as the cover for a 7 in. x 9 in. three ring binder. This is the Control Book for the Beginning Reader Primary Level materials. The control book pages are cut in half and paper punched carefully. Divide the complete set into smaller sets to meet the needs of your younger children.
